## City to Start Soon to Clean The Local Beach

**PARKER REPORTS THERE WILL BE CLEANING EVERY DAY HERE IF NECESSARY**

Assurance was received by the Ocean Beach News Thursday, from Verne Parker, assistant director of public works, that the local beach this season is "no longer an orphan," that the city plans to launch an efficient and thorough program of keeping the local beach clean this season.

"We are assembling the cleaning equipment now and are prepared to go ahead on a much higher standard of beach cleaning efficiency than in previous seasons," Parker declared. "In fact, particularly in regard to the help we are preparing to clean the beaches every day if necessary."

Parker stated that the city has about 3 1/2 miles of beach to keep clean and has already started the improvement at the north end.

His confidence in the city's ability to do a better job than has been the case during recent seasons evidently is based on the change in plans. Instead of letting the cleaning out by contract this season the arrangement is for the city to use its own crews and equipment, Parker reported.

## Norma, Biking In Texas, Finds Many Handsome Cowboys

Norma Belloff, Ocean Beach girl bicyclist, now pedaling cross-country to New England, finds many "handsome cowboys in Texas." Excerpts from latest letters to her parents here, Mr. and Mrs. F. H. Belloff, follow:

"Dear Parents: "I thought Tombstone was the main authentic 'ghost town.' When I pulled into it, out of the sun, I was very disappointed! All the buildings have been reoccupied and their history commercialized. The only thrill left is the thought of what existed in the past.

"I reached El Paso this afternoon, March 4. Of course the first place I wanted to see was the post office. Gee, was I happy to watch the lady behind the 'General Delivery' window pick out six letters for 'Belloff' from the 'B' pile. As you know, I had run out of money. All the way from Las Cruces to El Paso I hunted for work. (At El Paso Norma wired for money from her emergency fund here.)

"I believe my fastest day was from Deming, Ariz., to La Cruces. I covered over 60 miles from 8 a. m. to 2 p. m. Nature really gave me her hand. A strong wind pushed at my back, high clouds kept the sun from cooking me and the road was more down than up ('course in a car the desert probably seems perfectly flat!).

"My meals these last two days could hardly have been worse.

March 8, El Paso

"I've practically begged this town from one end to the other for any kind of work. Mexican labor is so plentiful, I haven't a chance.

"The money came safely and in time. What would I do without you! I've decided to stay for the (Continued on Page 4)

## Ex-Colonel Makes Strong Plea for Red Cross Support

A strong plea for support of the American Red Cross in the present 1947 drive was made here by George L. Dutton of San Diego, a former colonel in the U. S. Army, serving on General MacArthur's staff in the Orient. Dutton, who is a retired Army officer, was the main speaker before the Kiwanis club at Tuesday's meeting, held at the Wallace hall.

Dutton paid high compliment to General MacArthur, stating that "he is one of the finest of our military strategists. MacArthur, in the West Pacific campaign had one definite goal and that was to hold the loss of life among our American soldiers down to a minimum." Dutton had served in the Southwest Pacific beginning early in 1942 with the (Continued on Back Page)

## BOBBY EAGAN QUALIFIES FOR HONORABLE MENTION FOR HONESTY THIS WEEK

Bobby Eagan of 4484 Saratoga Ave. provides another example of honorable mention for honesty in Ocean Beach. Bobby is 9 years old and is in the third grade of the Ocean Beach school. Last Saturday afternoon he found a coin purse in the National Pharmacy drug store and without looking inside the purse to see if he could be a rich man or not, he turned the purse over to the store. Mrs. Eagan reports Bobby told her that sometimes people didn't believe in being honest but he always remembered George Washington and besides "something inside him just told him to be honest." "Mother do you think they would have my name in the paper for being honest like they did that lady last week." So, Bobby, here it is.

## Paving of Alleys In Local Business District Starts

**GRIFFITH COMPANY TO START SURFACING WITH ASPHALT THIS FORENOON**

Alley improvement in the Newport Ave. business district got under way here this week. The Griffith Company, San Diego construction contractors, today is starting to lay a hard surface of asphalt composition four inches in depth in the alley between Newport Ave. and Niagara.

The improvement extends for two blocks between Sunset Cliffs and Bacon St., and a third alley being surfaced is the one between Niagara Ave. and Narragansett Ave. from Bacon St. west to the ocean, a distance of 608 feet. In the case of the other two blocks, the length to be surfaced is 600 feet in each block. Width of the hard surface in each case is 19 1/2 feet.

Before today the job consisted of excavating and moving a total of about 600 cubic yards, mostly of sand and clay.

The figures and other information provided The News Thursday are from the construction foreman on the job, who incidentally is an Ocean Beach man. He is Elton Berkman of 4660 Niagara.

Commenting on the matter Wednesday, Principal Clarence Swenson of Dana Junior High stated that since one week will be taken out this spring that the school year will not end until June 20.

## The Beachcomber

**Seen and Heard:**

Great deal of activity the past week as the alleys along both sides of Newport are prepared for paving. Reports from two experts (Lou Fleetwood and Mike Sullivan) that the grunion will be running again Monday, Tuesday and Wednesday next week. Mike also reports that the last run was one of the biggest in several years, but lack of publicity resulted in few fishermen on hand to take them. The slippery little shiners came in about an hour before high tide on the last run. Lions club divided against itself in a contest to see which of two teams will eat steak, and which beans. Don Thomson taking a much-needed rest. More and more complaints registered about the inadequate bus service in the Ocean Beach area.

## OCEAN BEACH RESIDENTS ALARMED BY EFFORTS TO BRING OLD SHACKS HERE

Many Ocean Beach folks are "up in the arms" over what seems to be a wave of old shacks being brought into this area for making over into residences or residence courts. Directors of the Ocean Beach Chamber of Commerce decided the situation has become so serious that community action likely will be needed. Strong protests against such practice having come in to the C. of C. office here, the directors, at their March meeting, held Tuesday night, decided to investigate at once and appointed a committee to act immediately and bring in report of their findings and recommendations.

A detailed report of the principal motions passed and the community civic subjects discussed written by Secretary Rollin W. Shaw follows herewith:

The secretary read the written resignation, dated March 17, received by the president from Homer Gravelle, whereby he resigned from the board of directors and as chairman of the (Continued on Page 4)

## Authority Reports Aqueduct Progress; Water Supply Down

As San Diego city and county water storages dwindled, Water Authority directors last week were advised that the San Jacinto-San Vicente aqueduct was more than 75 percent completed and that preliminary surveys of routes for extension lines had been made.

J. L. Burkholder, Water Authority general manager and chief engineer, in an exhaustive report, informed Authority directors that the overall aqueduct work was 76 percent completed and that survey parties on the La Mesa-Sweetwater and Fallbrook-Oceanside extension lines had been active.

Meanwhile, existing reservoir facilities at the beginning of March for the city of San Diego were only 43 percent of capacity, for National City and Chula Vista 21 percent, and for the La Mesa-Lemon Grove-Spring Valley Irrigation district 34 percent. These percentages were sharp declines from March 1 figures of a year ago.

Spotting final location for the pipe line on the La Mesa-Sweetwater extension is practically completed from the "takeoff point on the main aqueduct to just north of San Diego river," Burkholder said. On the Fallbrook-Oceanside branch, Burkholder said that a "topographic map of 1000-feet to the inch, covering the entire area traversed by this branch, has been prepared for use on paper location of the line, for preliminary layout in the field and for office study of alternate routes."

## R. Riner Plans to Construct 20-Unit Motor Court Soon

Roy Riner, owner of the Silver Spray hotel, informed The News this week that he plans extensive improvements on the five lots east of the hotel which he recently purchased from Frank B. McElwee of Camp Holiday Court, at the foot of Narragansett Ave.

The new owner plans on immediate construction of a 20-unit motor court, which will be operated in conjunction with the Silver Spray hotel.

Complete remodeling, refurbishing and landscaping also are to be started soon on the Silver Spray. Six new apartments will be added to the hotel in addition to a six-unit building on the ground south of the hotel on Narragansett Ave.

When completed this summer the hotel and court will be one of the finest on this coast, reports Mr. Riner. The work on the new beach and playground area formerly occupied by the Silver Spray plunge is progressing and will be completed before summer for the enjoyment of the public, announces Riner.

SCHOOL NEWS

(By Miss Townsend)

A paper drive, sponsored by the P. T. A., established a new record among city schools on Friday, March 14. Over six tons of papers and magazines were collected. Money from the sale will be used to provide transportation to camp for the sixth graders.

Many of the children from Miss Dorothy Norman's and Franklin Grant's sixth grades, together with 10 from Bayview Park school, will go to Camp Cuyamaca next Monday and return the following Friday, March 28. Sponsored by the San Diego city and county schools, the camp, skillfully directed, gives a unique opportunity to youth in democratic living. Outdoor experience, nature study, and handicrafts are offered in the program. In all the activities the emphasis is on getting along with other children, rather than on competition.

An assembly program, recently given by Mrs. Mary McCarrey's fifth grade, was a play, "Switzerland's Freedom." The play was presented as a radio broadcast over the loud speaker system. The cast included "William Tell," Bob Reif; "Swiss patriots," Gilbert Dodds, Stephen Hoffos, Billy Egan; "Gessler," the tyrant, Douglas Harris; "Gessler's" guards, Stephen Hoffos, David Contreras; his aids, Gilbert Dodds; "Jemmy Tell," William's son, Rosemary Comito; "Oarsman," David Isbell; narrators, Sally Smith, Sally Stone, and announcer, Betty Jean Sayles.

As a culminating activity of the unit just completed, Miss Frances Johnson's second graders last Friday invited mothers to a program, "The Harbor." Children gave reports about boats, presented songs and poems and an original play about the harbor. Cookies were served.

Miss Loraine Swenson's first graders entertained their mothers this week to share their learnings about grocery stores. The program featured a rhythm band. The children wore white capes and red bows. A two-reel movie on grocery store activities had child-written captions.

Mrs. Roberta Conger's second grade children presented this week their program on the airport. Songs, poems, talks and demonstrations of various types of airplanes, constructed in the room, gave the mothers a deeper appreciation of the unit.

Miss Ruth Pryor's class on Monday, March 10, went on an excursion to the San Diego Mission. Mrs. Davis, Mrs. Seligman, Mrs. Little, Mrs. Fabbri, Mrs. Bentz, Mrs. O'Cool and Mrs. Schoch drove cars. The children saw the bells, heard them ring, and visited the chapel. Some of the statues there are 400 years old. In the museum they found displayed the robes that the Padres used to wear.

The following was written by Miss Eleta Lipp: "On Saturday, March 15, the fourth grade of room 14 went to San Juan Capistrano to visit the mission. The seven-car caravan left the school shortly before 9 o'clock. Parents who donated their time and cars were: Mmes. Louise Olson, Richard Johnson, Spencer Held, Earl Kail, Arvel Bradberry, Raye Miller and Mr. and Mrs. Richard Noonan. The group ate lunch at San Juan Capistrano and some of the cars returned home by way of San Luis Rey mission.

Mrs. C. S. Cook of 4526 Long Branch Ave. left last week for a two-month visit with relatives in Kentucky and Tennessee.

\$5000 Yellowtail  
Fishing Derby to  
Be Launched April 1

A \$5000 added Yellowtail Fishing derby will be launched at San Diego April 1 under the sponsorship of the San Diego Junior Chamber of Commerce and businessmen of the city. Prizes in the derby will include a new 1947 automobile and a handsome trophy valued at \$500, announces the San Diego-California club.

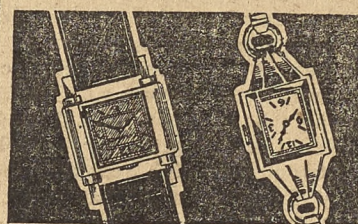

Rules and regulations for the derby call for a qualifying period beginning April 1 and continuing every day through August 24. The fishermen who have caught the 300 heaviest Yellowtail at that time will be permitted to fish on the final day, August 30, for the bulk of the prizes.

The derby will be run off under the direction of an official rules committee and is open to everyone, with the exception of members of the derby committee, owners and employees of any boat or sportfishing company, charter boats used for sportfishing, the wives and/or families of any person so affected, and/or any person engaged in commercial fishing as a livelihood.

All persons wishing to enter the San Diego Yellowtail Fishing derby will be required to pay a registration fee of one dollar that will permit them to participate for the duration of the contest. They may weigh in as many Yellowtail as they wish, and a 25-cent charge will be made for each weight certificate issued. The weight certificate on each fish must carry the signatures of the boat captain, one passenger and the contestant. All fishing must be made from boats approved by the derby committee. Yellowtail submitted for weighing must weigh 15 pounds or more.

All Yellowtail caught and presented for entry must have been hooked and landed by the contestant on rod and reel. The contestant may permit a boatman to gaff his fish, bait his hook, cast his line or assist in untangling any lines, but further assistance will serve to disqualify him. Also, a broken rod or mutilated fish will automatically disqualify any fish.

A social meeting of the "Youth Fellowship" organization of the Baptist church will be held tonight, March 21, at the Baptist church from 7 until 10 p. m.

## What goes on in a manhole?

Come on down . . . and see where your voice goes as it flashes across the city in a telephone call. For in most places now a major part of the voice arteries you use are underground . . . in a huge network of cables some of which are nearly three inches across and may carry up to 4242 individual wires.

Manholes are normally located at street intersections and they're used to install cable and to facilitate repairs when something goes wrong. The exact location of a break or defect can be spotted quickly with a device known as a Wheatstone Bridge. The "Men Working" signs you see usually mean that cable is being spliced by skilled workmen.

They're busy places, these manholes. During 1946 alone on the Pacific Coast we installed hundreds of miles of underground cable—more than 560,000 miles of individual wires—as just part of keeping pace with the West's tremendous growth. Yes, we are going ahead as rapidly as we can in bringing service to everyone who wants it—and a finer service than ever before.

An ever-improving telephone service at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.

A MESSAGE FROM  
THE  
SECRETARY OF WAR

**How you can help  
YOUR ARMY DO ITS  
PART FOR PEACE**

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace—all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily—to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

## The Letter Box

From Margaret J. Rankin of Escondido, a former resident of Ocean Beach, The News this week has received the following communication to the editor:

### CHURCH YOUTH VS. FEEDERS OF DELINQUENCY

Nearly all Americans are living worse than yesterday, becoming victims of that terrible "DON'T CARE" spirit of our wicked environment. Therefore, we are losing, rapidly, our war on delinquency, losing our country because so few care to fight. Isn't this ridiculous and sinful after winning a war with such gigantic sacrifice, suffering and death?

I appeal to the church youth in every city of this nation to fight to bring out the truth about liquor, gambling, bad movies and bad literature, which are feeders of delinquency. False ideas on these four subjects are causing our self-destruction.

All American youth may join in their own fight—the preservation of their own generation.

#### Monthly Meetings Suggested

The first Sunday night of each month should be set aside for a union meeting, a substitute for the regular young people's services. The ministers in each town must lead the youth against these enemies of the church, giving counsel and guidance, or the victory will not be realized.

#### Spread Scientific Facts

1. Obtain and master scientific bad movies and bad literature as information on liquor, gambling, relative to delinquency.

2. Participate in rallies, contests, public speaking, plays, newspaper writing and radio programs, etc.

3. Attack the local and national promoters of these evils.

4. Set a good example for children.

5. Recommend the Christian solution to these problems as the real answer.

Our civilization is in the hands of the 75,000,000 church members in the United States! Youth for Christ or youth for delinquency, which shall it be? We must fully realize that American youth alone cannot prevent delinquency. All church people must cooperate.

Let all of us talk, work and pray for better youth since better youth offers the only hope for a better world!

Dear Editor:

We are again appealing to you for help in informing the people of your community of the importance of observing the law of the state of California regarding the preservation of our native plants, shrubs and trees. This matter is an educational one and must be brought to the attention of the public each year with the hope that in time the message will become effective.

Section 384-A of the Penal code states that it is unlawful to cut, mutilate, remove or destroy native plants, shrubs or trees, etc. growing along public highways or on privately owned land without written permission of the owner.

This law is enforceable by any peace officer and violation of it is punishable by a fine not to exceed \$200 or imprisonment for six months, or both.

California wild flowers, world famous, are being destroyed because of the vandalism of our people, consciously or unconsciously—some even face extinction.

We ask your help in bringing the substance of this law and the penalty for its violation before the public with an appeal for its strict observance.

Please accept our thanks and appreciation for any help you may give towards educating our citizens to keep our highways and byways as beautiful as Nature made them.

Dear Aunt Tessie:

Just wanted to drop you a line and tell you that today my living room set was delivered. You remember how worn, shabby and broken down it was. Well, I had it rebuilt and recovered—and it is ever a beautiful job—just like a new set. And I had the whole thing done in a beautiful rose frieze for about half the price of a new set. I'm so proud, and hope that you can see it soon. I know you'll want the same thing done, so I'll give you the phone number, name and address and when you're ready just give them a ring and they'll call on you with a beautiful line or fabrics.

## C. of C. Directors

(Continued from Page One)

House committee, stating that he could not spare the time from his business to properly perform the duties involved. A motion was carried that the resignation be accepted with regret. A motion then was unanimously carried that Harry Masters be declared elected to fill the vacancy on the board. Following a brief discussion of several names for place of chairman of House committee in response to the president's request for suggestions, Mr. Masters volunteered to take that assignment also and he was thereupon announced as appointed.

### Will Not Sponsor Baseball Team

Chairman Arnold Morss of the Community Activities committee reported what had been done on the matter of sponsorship of an Ocean Beach baseball team, following the special meeting of March 11. He reported that Harry Masters had been added to his committee and that Masters and Dave Chandler had been invited by him to be present at this time. He reported that a partial survey had been made which developed that there was a feeling among the business men that inasmuch as there was no park in Ocean Beach where baseball could be played, a softball team or teams would be more appropriate for this locality.

Morss stated also that initial expense of equipment would be approximately \$376 so that with 15 business firms contributing \$30 each, a fund of \$450 would start a team but other expenses would come up which likely would call for a total of around the \$750 which had been suggested at the special meeting March 11. He expressed the opinion that actual sponsoring of a team was hardly in line with activities appropriate to the C. of C. anyway—but should rather be for sponsoring directly by business firms. Mr. Masters and Mr. Chandler expressed agreement with such conclusions, after which Mr. Morss reported that the recommendation of his committee was that the C. of C. do not sponsor baseball and that Jas. Anderson be so notified. After some informal discussion indicating that it was the consensus of opinion that the business men generally would much prefer assisting promote games to be played right in Ocean Beach and that sponsoring teams was considered somewhat out of line with the work of a C. of C., a motion carried that the recommendation of the committee be adopted and Mr. Anderson be so notified by the secretary.

### Lights for Playground Suggested

There then followed some discussion as to the advisability of the C. of C. working to get lighting facilities for the O. B. school ground. It was brought out that past efforts to that end had been without result because of lack of sufficient space due to a residence property taking up one corner of the square occupied by the school. In view of the fact that ownership of such residence property had changed, it was expressed by several that steps might again be started on the assumption that the city officials would be willing to acquire the additional ground if same could be secured at a reasonable price. By common consent this subject was referred to the Community Activities committee for further study and report.

### To Invite Attorney Here

The secretary reported that he had contacted by telephone the president of the San Diego Bar association who had suggested that a formal letter be sent to him setting forth the desire of the C. of C. that an attorney be induced to open at least a part-time office in Ocean Beach, upon receipt of which he would see what could be done to get the request before interested persons. The president announced that the secretary could send such a letter without any need for vote.

### Hear Complaints on Bike Riding

The president reported that he had received complaints regarding riding of bicycles on sidewalks endangering elderly persons and children. Following a brief discussion and several suggestions a motion carried that the city be requested to attempt better enforcement of any ordinances in effect and that publicity be given in The News to the dangers involved in illegal riding of bicycles.

Announcement was also made of a suggestion that had come to the C. of C. office to the effect that the little bridges on Sunset Cliffs coast line be repaired, so that tourists could better enjoy their visits to the area. Rollin Reed stated that he believed these walks and bridges had originally been placed there by private owners; but that inasmuch as the property now belonged to the city the foot bridges should be either removed or placed in safe condition. He said he knew they are in bad shape. A motion carried that the secretary write

a letter to the assistant city manager, Mr. Parker, requesting that they be either removed or repaired.

### More Stop Signs Suggested

The matter of need for stop signs in the Ocean Beach area was reported as having been asked for at the C. of C. office, particular mention having been made of the intersection of Cable St. and Newport Ave. Mrs. Ruth Anderson reported that she considered a more dangerous intersection was at the corner of Bacon St. and W. Pt. Loma Blvd. Several others expressed the opinion that a general study of this be undertaken before any definite requests be made of the city and it was duly moved, seconded and carried that the matter be referred to the Committee on Civic Affairs for study and recommendations.

### Protest on Shacks Suggested

The secretary asked whether or not the board desired to have brought to its attention any proposed changes in zoning in the area and this brought on a general discussion of architectural control in Ocean Beach. Several expressed the opinion that protests should be made to bringing in parts of temporary buildings of the Camp Callan type—that although a few were being sufficiently remodeled as to be acceptable, most were not. It was finally moved, seconded and unanimously carried that the president appoint a special committee to go into the matter of protesting the bringing-in of buildings that reduce the value of homes on the adjoining lots and the general subject of architectural control. The president announced appointment of R. E. Reed, J. A. Titlow and Arnold Morss to investigate what could be done and report back to the board its recommendations.

The matter of special plans, if any, for the regular April meeting of the full C. of C. was brought up and after several suggestions it was by common consent decided that effort should be made to have a representative of the City Planning Commission, if possible, speak at the meeting on the subject of architectural control.

## G. BERKHEIMER REPORTED RECOVERING FROM HUNTING ACCIDENT OF LAST FALL

George Berkheimer of 4452 Santa Cruz Ave. is now home again from Quintar hospital, where he was under treatment for injuries suffered in a deer hunting accident of last September. He hopes to be able to return soon to his work as a truck mechanic for the Greenbaum Produce Co. of San Diego.

Berkheimer had a rugged experience while hunting in the high Sierras with a half dozen other San Diego hunters. He reports that he never knew exactly what hit him since he was knocked unconscious by the blow. While on a ridge looking for deer he believes he was struck in the back of the head either by a deer or by a rock. On recovering consciousness two hours later he found himself hanging in a tree just below the ridge.

Though able to make his way back to the camp alone he was compelled to remain in camp for about a week. A blizzard kept the entire party, which had packed in by horseback for 12 miles, in the camp before they were able to return Mr. Berkheimer to his home.

At first he seemed to be recovering from the blow, but on December 26, about three months later, he was stricken with unconsciousness as result of the injury and was taken to the hospital.

Mr. and Mrs. C. E. Nance of 4646 Bermuda Ave. had dinner guests Monday, March 17. Present were Mr. and Mrs. R. L. Deeweese, Charlie Marcus of Detroit, Mich., Charlie Thorton and the Nances' daughter Marian. The evening was spent talking over old times.

Troop 165 meeting on Tuesday of this week was one of these. A guest speaker, Mrs. Mary Hamilton, who was going to give a talk on photography, will be present again at a later date. We are happy to announce that Mrs. Hiram Beck, co-leader, is back from Los Angeles and will be with us again on Tuesday. Mrs. Roll Keck will have our quilt framed ready to tack.

The new Brownie troop under the direction of Mrs. William Hedrick and Mrs. Arvil Bradberry had their second meeting Monday, March 17, at the Ocean Beach Elementary school. Funds were collected for the Juliette Lowe fund and Patsy Bailey was elected as representative. Officers elected for this group were: President, Adrian Milton; vice-president, Patsy Chappell; secretary-treasurer, Luella Webb; reporter, Sue Summers. ## EXIT: OLD MAN WINTER

Spring—always a most welcome visitor on this planet of ours—is more than ever welcome this year.

Old man Winter in his 1946-47 reign was in one of the meanest moods of the past half century. He brought the lowest temperature ever recorded on the North American continent, if not in the world; he piled up snow to record heights in the East and Middle West; he all but knocked out the whole British economy with his icy fist; and he intensified the hardship and suffering in the bomb-shattered cities on the continent.

Of course, even though he makes his official exit on March 21, there are a good many places on the globe where he'll still be in evidence for some weeks yet. But at least he's on his way out.

A good many of the world's thoroughly frozen people feel that if the Old Man never came again it would be too soon.

Of course, here in San Diego it's difficult for us to appreciate what rugged winter is. Those of us who "have been through the mill" in the severe winter parts of the U. S. doubly appreciate how kind the weatherman is to us in San Diego.

## WON'T BE "PUSHED AROUND"

The California Assembly has made it clear that it does not intend to be "pressured" into rushing the highway bill through in its present form.

It is quite obvious that most Assemblymen recognize that the measure is unjust to the average motorist. So, instead of jumping at the whip cracking by those who want the bill "rail-roaded" through in spite of its present inequities the Assembly will look it over carefully and ask some questions.

Among these will undoubtedly be the query as to why automotive taxes should be virtually doubled when the Collier committee figures show that with a full-scale highway building program, including expressways, there will be ample money for the next four years at least.

Assemblymen are aware that the people of California don't want their taxes hiked unnecessarily.

Anyway, the Assembly has shown that it doesn't intend to be pushed around. The highway pork-barrel boys had better take notice.

## DRAFT'S END

The end of March marks the end of the draft—a fact about which millions of American "teen-agers" are happily aware. Six and a half years ago when the first draft number was pulled out of the fish bowl in Washington Franklin Roosevelt was campaigning for his third term, Wendell Willkie was shouting himself hoarse as the GOP candidate, England was feeling the full fury of the Nazi aerial blitz, Hitler's conquest of France was history and the Reich, he said, was good for a thousand years. Six and a half years is a long time.

Some day the desire to make living better will be stronger than the wish to make a better living. And that "some day" must come soon.

## SEA BREEZES

Let's Laff  
Maybe Think

The scene was the interior of a saloon in the Far West, and round the table were gathered as tough a gang as could be found in the whole of California. The game was fast and furious, the stakes were high.

Suddenly the dealer flung his cards on the table and threateningly pulled out his six-gun.

"Boys," he shouted, "the game ain't a straight one! Slippery Slim ain't playing the hand I dealt him!"

Ah, Gabriel!

Papa Gnu: Well, mamma, how did the children behave today?  
Mama Gnu: Ah, good gnus to-night.

Shaggy Dog Department

For the shaggy dog story connoisseurs, there's the one about the character who imagined that he saw a bear sitting a few rows ahead of him in the theater one night. He broached the matter to his wife, who shushed him impatiently, remarking that it was merely a woman with a fur coat. Unconvinced, our man tiptoed up the aisle and sure enough it was a bear, watching the picture intently, one paw curved lovingly around the man in the next seat. Said the tiptoe: "Is that your bear?" "Yes, it is," admitted the seated one.

"Why on earth did you bring it to the movies?"  
Replied the bear's friend: "Because, he was so fascinated by the book."

Dear Uncle: We're having a raffle for a poor widow. Won't you buy a ticket?—Louise.  
Dear Louise: If I won her, my wife wouldn't let me keep her.

He: "Last night I dreamed that I married the most beautiful woman in the world."  
She: "Were we happy?"

Probably Learned It from Dad  
The young G. I. husband had just arrived back from the office.

"What's the matter, darling?" he asked. "You look very flustered."  
"Oh, I've had a dreadful day," his wife answered. "First Baby cut his first tooth, then he took his first step, and then he fell and knocked out his tooth."

"Well, and then what happened?" asked Papa G. I.  
"Oh, darling," she answered in a shocked voice, "he said his first word!"

## ECHOES OF THE PAST

(Excerpts from the Ocean Beach News of 20 Years ago)

Saturday, March 12, 1947  
With the practical completion of the building of the new Ocean Beach branch of the Bank of Italy, it is officially stated that arrangements are being perfected for the formal opening within a week or so, when an elaborate program will mark the epochal event, full particulars of which will be duly given in these columns.

The petition for an ornamental lighting system on Voltaire St. from Froude St. to Abbott St. was unanimously approved by the city council this week, with only one lone protestant appearing against the proposed improvement. The new lights will connect with the Mission Beach lights in forming an illuminated coast highway in the beach sections of San Diego, while it is stated that several more arc lights are soon to be allotted to the Ocean Beach residential district.

On Friday evening, March 4, Miss Dorothy Vaughn entertained the members of the B. Y. P. U. at her home at 1420 Ebers St. Although the weather was not very favorable 23 were present and spent the evening playing games and with music, piano and saxophone, vocal quartet and choruses, all expressed themselves as having a jolly good time. Those present were: Dorothy Harrison, Ruth Varney, Edna Bishop, Evelyn Wello, Dorothy Dunn, Catherine Shepard, Dorothy Vaughn, Jean Bishop, Ruth Shepard, Jean Harrison, Evelyn Watson, Ethel Hinrichs, Mrs. Ruth Jackson, Hugh Mathews, Othell Moody, Henry Hengster, Clarence Wello, Bobbie Gilbert, Al Vallin, Fremont Morse, S. H. Baysinger, Clifford Harrison, Harry Jackson. This splendid society is doing a fine work. Miss Dorothy Dunn is president and Miss Jean Bishop, who is a graduate of the Bible Institute of Los Angeles helps most materially. These young people greatly appreciate having members of the church open their homes to them for a social gathering while they furnish their own refreshments and programs.

On Monday evening, March 7, the Junior Baptist Young People's Union of Ocean Beach met at the church for a box social. About 24 were present and spent a happy time playing games. Afterward there was the choosing and opening of the pretty decorated boxes which the girls had brought. Mrs. Vaughn is in charge of these girls and boys and Miss Ester Hinrich is their president.

The Altar Society of the Sacred Heart church held their regular monthly meeting at the home of Mrs. L. Myers of Pacific Beach. There was a large attendance and it was decided to hold a food sale on Saturday, April 2.

The monthly meeting of the Ocean Beach P. T. A. was held at the Ocean Beach school last Monday. On the nominating committee are Mrs. Anna Mulville, Mrs. C. W. Varney and Mrs. A. Dumont. An excellent program was given under the direction of Mrs. Ethel Sterling of Saratoga Ave.

The monthly meeting of the Baptist Mission Circle will be held in the church parlor Friday, March 18, at 2 p. m. A special program will be presented, and Miss F. Faith Hatch, missionary to Burma, will be the speaker.

### Lesson Topic "Matter"

## Period to Declare

(Continued from Page One)

make your annual tax return during the assessment period beginning March 3 and ending on the last Monday of June, or at any time upon demand of the assessor. If you have not been contacted by a field deputy before June 1, you should appear in the assessor's office, Civic Center, San Diego, and file your tax declaration. Some property owners feel that if the assessor fails to contact them they are relieved of the responsibility for making a statement. That assumption is entirely erroneous, of course. Property which is not assessed during this period is considered to have "escaped" and is subject to penal assessment.

"Qualified veterans may receive tax exemption on \$1000 assessed valuation if they file the prescribed claim. That claim may be made to the field deputies, or at the main office in the Civic Center. Those veterans who are outside the county may write the assessor, and arrangements will be made for them to file their claim by mail. If a veteran is serving outside the continental limits of the United States, a relative or agent familiar with his affairs may file the claim for exemption in his behalf.

"The law provides that a veteran waives his right to exemption if he fails to file the prescribed claim between the first Monday of March and the last Monday of June—March 3 to June 30, 1947. This limitation has been upheld by a decision of the Supreme Court of California.

"Churches wishing to claim exemption must file their claim during the same period. An authorized representative of the church may make the claim to a field deputy, or in the assessor's office at the Civic Center. It should be borne in mind that the assessor may not accept claims for exemption after the last Monday of June.

"A new form of exemption, called 'Welfare Exemption' went into effect for the first time in 1946. That exemption applies to religious hospital and charitable groups not operated for profit. That exemption must be applied for between the first Monday of March and April 1 of each year.

"Any taxpayer may obtain more detailed information about his tax declaration or the various exemptions by telephoning, writing or calling at the assessor's office, Civic Center, San Diego. The office is open from 8 to 5 p. m., Mondays through Fridays, and from 8 to 12 noon on Saturdays.

## Extension of Bus

(Continued from Page One)

Rhodes, the city manager. He was instructed to discuss the extension proposal with officials of the San Diego Electric Railway Co.

The petition recites that "once an hour or so the Ocean Beach bus which runs along the upper edge of Azure Vista make a trip up Hill St. and down Catalina and or Chatsworth." Luckel points out that this section is "growing as fast as any area in San Diego."

From the city manager's office The News learned Thursday that the petition copy was on the city manager's desk and the plan is to await results of an investigation being carried on by a rate consultant who has been employed by the city. The consultant is W. H. Lines from Portland, Ore., and he has been hired to make careful study of the bus rates in San Diego to see whether an application for increased rates that has been applied for by the bus company is justified.

Evidently the inference is that the bus company will be more likely to expand its service in various parts of the city in event an increase in rates is allowed. The News was informed that the city council has before it requests for a number of other extensions of bus service in San Diego.

## LOCAL YOUTHS ATTENDING FULLERTON CONVENTION TO REPORT ON SUNDAY SERVICE

Members of the Methodist Youth Fellowship who attended the San Diego District Methodist Youth convention at Fullerton last week-end will give reports on the convention on Sunday evening, 7:30 o'clock, at the Point Loma Methodist church. Some 400 young people from the counties of San Diego, Orange, Riverside and Imperial attended the convention. The theme for the convention was "To Serve the Present Age." Those attending from the Point Loma Methodist church included Joyce Sarrie, Virginia Ahlgren, Carlene Fisher, Richard Ward, Joan Lyman, Betty McMullan, Carlton Bingham Jr., Louis Bingham, Don Bull and Rev. Biesemeyer.

At the Sunday morning service at 10:45 o'clock the minister will speak on "The Master of Life." The choir will sing under the direction of Ruth Kern.

## MORSS CONDUCTS SCOUTS DISTRICT COMMITTEE MEETING MONDAY NIGHT

March meeting of the Boy Scouts district committee and chairman of Scout leaders of the North Shore district held at the Point Loma Community church Monday night, was conducted by A. J. Morss, district chairman. Reports were made by the district committee men, troop chairmen, and Scout leaders. Mr. Moore, scout executive of the San Diego council, an honored guest, spoke on the new Balboa park Scout camp nearing completion, also on plans to dedicate the new Boy Scout camp in May. Scouts in all San Diego districts are invited to the camporee and dedication ceremonies.

Mr. Morss announced that Ocean Beach Scouts will participate in the dedication ceremonies of Ocean Beach Recreational center scheduled for April 10. Dinner meetings for the North Shore District are planned for each month, to be held at the Point Loma Community church, starting in April, providing the attendance is large enough to support the dinner expense, Morss reports.

"rugged" early days of the war. Regarding the work of the Red Cross in the war he gave several dramatic incidents of how this outstanding organization for the relief of distress in time of war had helped the American soldiers in the Orient.

Another Red Cross speaker was Ed DeForest of Ocean Beach, a radio announcer, who returned only two months ago from Army duty in the Philippines. He said that the replacements of U. S. soldiers in the Army of occupation are now 90 per cent of them under the age of 20, and particularly because of their youth the Red Cross is supplying a "real need to those kids. The overseas Red Cross is supplying, not only for them but for all other U. S. soldiers on foreign soil, a bit of the United States."

DeForest also showed an official Red Cross sound film entitled "Call to Action" which graphically described and pictured the great work that the Red Cross is now doing in this country particularly in disasters and in giving aid and comfort to the thousands of disabled and otherwise hospitalized veterans of the war now in our hospitals.

The two speakers were introduced by Lee Boggess of San Diego, who in turn had been presented to the group by James Noel, program chairman for the evening.

Member I. J. Claspill had all three of his sons present as his guests at the meeting.

## Paving of Alleys

St. west to Bacon St. also is to be paved soon. This is between Newport Ave. and Santa Monica Ave. The R. E. Hazard Contracting Co. has the contract, Bruce Hazard, one of the firm, informed The News Thursday. The surface will be asphalt and will be about 20 feet wide, and they plan to complete the work in the next 30 days.

Expense of the paving in each case is being borne by the adjoining property owners, and the contractors are doing the job according to city engineer's specifications. The work is subject to approval by the city's inspectors, two of whom were out here Thursday.

rooster and bull fights Sunday, and leave here Monday morning. Altogether this experience has been invaluable. It has brought home to me a few facts that I knew were possible, but have laughed at. And I thought I knew about economy—heh! Life, though, is still overwhelmingly glorious!

## March 12, Wednesday

(On way to Carlsbad Caverns.) "It was 11 Monday when El Paso sank in its mountain cup. The narrow pass and its forming ridge that backdrops the city remained the western horizon, while I crossed 20 miles of desert and climbed five miles of mountains, the Huecos. In places the slopes were more perfectly laid than any man-made masonry, square stone on square stone, forming long walls. Other curving hills brought back a picture my mind had nearly forgotten—a pineapple plantation in the Hawaiian Islands—only the pineapple plants here were yuccas. Slanting sunbeams, gleaming on the lolling highway, reminded me of the saying, 'the streets of heaven are paved with gold'—the streets of my heaven were glittering silver. Close at hand the pebble masses glittered like a pathway of gems.

"Busy watching my wheels roll over them, I looked up and twisted my handlebars, just in time to miss an 'auto-comet' that beeped, as it passed. Automatically, my knees rose and fell. The comet vanished over a golden swell. I smiled dreamily. Would I be eternally moving in this calm? As if in answer to my thoughts the next swell revealed 60 miles of Texas. Long have I wondered what Texans are so proud about. I hurried forward to discover."

From a Letter to Her Sister

"I'd have never guessed there existed so many handsome, and what's more, authentic, cowboys, if I hadn't come out to this country where they grow like cactus."

Valley, Idaho. En route he visited friends in Boise.

A regular business meeting of Job's Daughters will be held Wednesday, March 26, at the Point Loma Masonic hall, at 7:30 p. m., with Mrs. Adele Hardy presiding.

Mrs. Tuder of Antioch, Calif. arrived today to visit her daughter Mrs. Harry Jordan of 4139 La Salle St. Mrs. Tuder plans to be here until after Easter. Mrs.

Tuder will celebrate her 72nd birthday while on her visit here.

Mrs. O. W. Jordan of 5044 Del Monte Ave. was taken Sunday to the Scripps hospital in La Jolla and was operated on the same day. She was reported Thursday to be improving. On account of her illness, she was unable to preside at the meeting Monday in the San Diego hotel of the San Diego Writers club, of which she is the president.
